Will,

I understand what you're asking for. I don't believe we need to discuss it until we receive our lawyers proposed revisions.

Thanks for being patient.

Michael,

This is only about clarity of your original document with BBPOS, we're not negotiating new terms here. When our attorneys saw Ben's license with HATM, it wasn't even clear if BBPOS can sublicense to any party, so we asked him to clarify with you. Thus ROAM either falls under a sublicense or it doesn't, we just want clarification. I copied Ben as well here.

Feel free to call my mobile and I can step out of my meeting as needed to discuss and we can bring closure to the issue.

Thank you,

Will
